

Provider Pilot Agreement

Olera, Inc. — Student Caregiver Program

Parties. This Service Agreement (the “Agreement”) is entered into between Olera, Inc. (“Olera”) and Provider User (“Provider”), effective on the date last signed below.

Term. This Agreement begins on the effective date and continues until either party ends it with written notice. The pilot covers Provider’s first hire through the program; continuing beyond that is by mutual written agreement as described under Cost. Ending this Agreement does not affect placements already made.

Scope. Olera will recruit and vet pre-nursing and pre-medical students from recruitment channels at partner universities and match them to Provider as candidate caregivers. Provider receives a free account with access to the candidate board hosted on the Olera, Inc. website (<https://olera.care/medjobs/candidates>), where Provider may review student profiles, invite candidates to interview, and make hiring offers. Provider is free to browse, interview, and connect at no cost, and to make its first hire through the program at no cost.

Cost. This pilot is free for the Provider through Provider’s first hire through the program. There is no fee to browse, interview, connect with, or make that first hire, and no payment information is required at any point. If both parties choose to continue the program beyond the first hire, any terms — including fees, if any — will be agreed in writing separately. No fees apply unless and until both parties have signed such an agreement.

Feedback and research participation (optional). Olera may request feedback on the Provider’s experience during participation, the candidate board interview scheduling system, or on any individual students Provider interviews or hires. Olera may also invite Provider, students, and where appropriate and with Provider permission, clients to participate in providing feedback on their experience participating in the program. This may be feedback sessions, surveys, or other formal or informal ways to assess the experience participating in the program for program improvement and validation purposes. All participation in feedback and research participation is optional and at the discretion of the Provider. Olera will be mindful of privacy and will not share participant-identifiable feedback externally without consent.

Hiring and employment. Any hiring decisions and employment relationships are between Provider and the student. Olera is not the employer of any student and is not a staffing agency or employment agency. Provider is responsible for its own hiring practices, background checks, and compliance with applicable employment laws.

Confidentiality. Each party will keep non-public information shared by the other party confidential and use it only for purposes of the program.

Limitation of liability. The platform and services are provided as-is. Olera is not liable for indirect or consequential damages arising from use of the platform or from any hiring or employment decision made by Provider.

General. This Agreement is the entire agreement between the parties regarding the program. It is governed by the laws of the State of Texas. Amendments must be in writing and signed by both parties.
